

Rapid S/4HANA for Life Sciences -Microexcel's SAP-qualified and pre-packaged industry solution

Jersey City, New Jersey Mar 25, 2023 ([IssueWire.com](https://www.issuewire.com)) - Microexcel, a New Era Technology company, and a global SAP Solutions partner announced that its pre-packaged solution for the Health and Life Sciences sector- "Rapid S/4HANA for Life Sciences, has been formally qualified by SAP. The solution is now officially presented as an "SAP-qualified partner-packaged solution for the Intelligent Enterprise." It is an integrated SAP Solution designed specifically for the Health and Life Sciences sector that is uniquely flexible, cost-effective, comprehensive, and compliant.

Rapid S/4HANA for Life Sciences combines SAP's software with specific industry and line-of-business enhancements, customizations, and services. The solution was successfully designed to facilitate a rapid implementation that produces better speed to value and gives SAP Life Science customers improved compliance and operational efficiencies.

Health and Life Science organizations face unique challenges versus other industries in bringing their products and services to market. These include regulatory complexities, rising operational costs, the creation of new health ecosystems, and the rapid pace of scientific innovation.

Microexcel's Rapid S/4HANA for Life Sciences addresses these needs by combining industry expertise, SAP best practices, and regulatory excellence into a flexible and comprehensive deployment model that produces transformational efficiency across the entire organization.

Leveraged entirely or in part, the Rapid S/4HANA for Life Sciences implementation methodology includes a robust strategy assessment to identify and address regulatory risks or process deficiencies early in the engagement thus, streamlining implementation timelines while minimizing regulatory risk and avoiding costly rework.

Microexcel's Rapid S/4HANA for Life Sciences extends SAP's Activate Methodology and includes project accelerators, Compliance Validation, Operational KPIs, Process Optimization, and Organizational Change programs and templates specifically designed for Health and Life Sciences organizations.

Quote from BRIAN FREYMAN, Director, Strategic Accounts & Health and Life Sciences-Microexcel

"We are very proud to be recognized by SAP for our RAPID S/4HANA for Life Sciences solution as it offers something truly innovative in addressing the unique transformational needs of our Health and Life Sciences customers."

Rapid S/4HANA for Life Sciences is an end-to-end SAP Solution for the Health and Life Sciences industry, with a focus on easy deployment and configuration. It is comprehensive and addresses all areas that Health and Life Sciences organizations require to deliver an accelerated digital transformation experience for regulated environments.
