Brand New Spa: The luxury resort in Bali, which appears to be floating over the water and is over 2,000 square meters (22,000 square feet), has ten all-suite spa rooms where professional therapists provide immersive, transforming treatments. The Golddust Beauty Loung, Canggu, enables visitors to balance the body's energy centres, cultivate positivity, develop resilience, and instil a profound sense of serenity by utilizing the power of light and sound, crystals and colour, plants, pure water, as well as old Balinese wisdom.

Cultural Activities: Inspired by a Village in Bali, the Bali Villa Resort immerses visitors in the sights and sounds of Bali. The resort priest performs the customary ocean and fire blessings, and all the Balinese people gather in traditional clothing and do traditional Balinese dance. These complement the already-offered schedule of classes by local artists, cooking classes in Bali, yoga, meditation, and tours of the local buildings and gardens.

Off-Site Activities like Beaches & Clubs: You will have many options for beaches and beach clubs for you, your family, and your friends. Most of our opulent Villas In Bali are conveniently close to Bali's stunning black volcanic sand beaches or immaculate golden sand beaches.
