

Ross O. Chavkin, DDS, an Oral and Maxillofacial Surgeon with All County Oral Surgery

Get to know Oral and Maxillofacial Surgeon Dr. Ross O. Chavkin, who serves patients in New York.

New York City, New York Mar 27, 2023 ([Issuewire.com](https://www.issuewire.com)) - Dr. Chavkin is a highly regarded oral and maxillofacial surgeon with special interests in the treatment of bone augmentation and implantology. He provides exceptional dental services to patients at All County Oral Surgery with offices in Flushing, Melville, and New Hyde Park, New York.

Striving for a great experience and patient satisfaction, he and his colleagues are caring and committed

to providing each patient with a confident smile. They practice a full scope of oral and maxillofacial surgery, with expertise ranging from corrective jaw surgery to wisdom tooth removal and dental implants. They also excel in sleep apnea treatments, facial fillers, and botox procedures for a variety of reasons.

“My goal as an oral surgeon is to make my patients comfortable and try to make a visit to my office as enjoyable as possible. My staff and I know the anxiety most people have before a visit to our office. The best feeling is when a patient tells me that it “wasn’t as bad as I expected” as stated by Dr. Chavkin.

Born and raised in Plainview, New York, he received his undergraduate degree in Environmental Studies from the State University of Buffalo and his Doctor of Dental Surgery degree from the University at Buffalo School of Dental Medicine in 2000. He did his residency at SUNY Downstate/ Kings County Hospital in Brooklyn and then joined Colacicco and Tulman in 2006. Since then, the practice has taken on a new name (All County Oral Surgery) and a new look.

To keep abreast of the latest developments in oral and maxillofacial surgery, Dr. Chavkin has always exceeded the continuing education requirements of New York. He belongs to a number of organizations such as the Suffolk County Dental Society, the American Dental Association, and the New York State Osteopathic Medical Society.

Oral and maxillofacial surgery specializes in surgery of the face, mouth, and jaws. It is an internationally recognized surgical specialty. Oral and maxillofacial surgeons are dental specialists who treat conditions, defects, injuries, and esthetic aspects of the mouth, teeth, jaws, and face. Their training involves a four-year graduate degree in dentistry and the completion of a minimum four-year hospital surgical residency program.
