The Colony, Texas Mar 24, 2023 ([Issuewire.com](https://www.issuewire.com)) - Skiba News Nation, the weekly YouTube broadcast, is proud to be the go-to destination for anyone seeking honest, thought-provoking, and insightful discussions about the TRUTH in the world we live in.

Hosted by the dynamic duo of Jeremiah Skiba and Jake Grant, Skiba News Nation covers the latest news, controversies, and conspiracies. The show's commitment to TRUTH, INTEGRITY, and FEARLESS JOURNALISM is evident in each episode and provides a fresh, alternative perspective to the mainstream media.

Jeremiah Skiba, son of the late Rob Skiba, continues his father's influential legacy of uncovering hidden truths and exploring forgotten history. Skiba News Nation is a tribute to his life and work. Each segment contains a unique perspective on the issues that matter most. The show isn't afraid to tackle tough questions and uncover secrets that others would rather keep hidden.

Skiba News Nation isn't just about the news, but also features segments that are fun for the whole family, like "Opa's Corner," by their great producer, Opa.

"We are thrilled to have such a growing family of truth seekers who subscribe to our channel," said Jeremiah Skiba. "If you're tired of the mainstream media and want a fresh, alternative perspective, then Skiba News Nation is the channel for you!"
