

SRM Ramapuram Launches RAISE Centre of Excellence Powered by MIT Square London

Chennai, Tamil Nadu Mar 9, 2023 ([Issuewire.com](https://www.issuewire.com)) - The Department of Computer Science and Engineering, SRM Institute of Science and Technology - Ramampuram, inaugurated the RAISE Centre of Excellence (CoE) powered by MIT Square, London on 9th March 2023. For the last 2 years, the RAISE CoE was run virtually with several Internships, FDPs, ITPs, STTPs, patent filings, paper publications, and Post-Doctoral Fellowships. Also, IoT Lab was established as part of the CoE last year.

The CoE was inaugurated with the welcome address by Dr. M. Murali Krishna (Dean) followed by Dr. K. Raja (HoD) and Ms. Kavitha Duraipandian (Assistant Professor), expressing the activities successfully organised in collaboration with MIT Square, London since 2021. Ms. Bhuvaneshwari Loganathan, Co-Founder of MIT Square, London was invited to the inauguration, distributed the certificates for the recently concluded internship, and elaborated on the importance of RAISE CoE activities which are useful for young minds.

As part of the Indo-Global Summer Internship 2022, 24 students from various specialisations

successfully completed their internships with foreign countries like the UK, Australia, USA, Poland, Turkey, Malaysia, Cyprus, and Thailand. Students were part of several paper publications, patents, and copyrights.

Sudhanshu Patel and Gautham Gopan received Best Student Interns of the Year 2022 by MIT Square. They were involved in developing cyber solutions and space solutions to identify exoplanets using various disruptive technologies by following the footprints of NASA and ISRO. Dr. Mithileysh Sathiyarayanan, Founder & CEO of MIT Square Group, is deeply involved in shaping young minds.

Dr. V. Sellam (Assistant Professor) has been offered a visiting post-doctoral fellowship at the University of London, one of the premier universities in London, to work on developing a secure digital health record system.
