

UnicMinds is launching free coding exams for kids

Bengaluru, Karnataka Mar 16, 2023 ([IssueWire.com](https://www.issuewire.com)) - UnicMinds is a leading online coding classes provider for kids across the world. It provides more than 20 online courses for kids with an adaptive curriculum designed by some of the best Ivy League alumni. UnicMinds is launching short-duration 15-day summer courses for kids in Space Programming, Python, Java, Ethical Hacking, and Computer Mathematics.

Alpha Sahoo, the Co-Founder at UnicMinds, has announced plans to launch free coding certification exams for kids from April onwards. Children can register and take free certificate exams in a programming language of their choice and test themselves and improve their knowledge. Certificates will be awarded to children who pass the exam. Additionally, UnicMinds may provide insights on improvement areas, individual development plans, and suggested courses for kids, as necessary.
