

Uprising arrives to the UK to give boost to well-being

Uprising, coffees empowered with functional mushrooms, adaptogens, and nootropics. Now available in Planet Organic!

London, United Kingdom Apr 4, 2023 ([Issuewire.com](https://www.issuewire.com)) - Founded in 2022 by British entrepreneur, Guy Morley, and French entrepreneur, Guillaume Lafond, Upraising Coffee offers a range of three functional coffees, made from 100% organic Colombian Arabica coffee and enriched with functional mushrooms, adaptogens, and nootropics.

Convinced of the benefits for the physical and mental health of functional mushrooms and other adaptogenic and nootropic plants, Guy and Guillaume wanted to find a way to include them easily in a daily routine. After months of research and investigation, they decided to incorporate extracts of these plants into a 100% Arabica organic, fair trade, ground coffee from Colombia.

Upraising has included the highest quality functional mushrooms from Scandinavia in its three coffees:

Flow State - Focus, memory, and clarity. Whether at work, school, or elsewhere, this coffee is a productivity booster thanks to the combination of Lion's Mane, Bacopa Monnieri, and L-Theanine. These ingredients are hugely beneficial for cognitive function.

Live Well - Immunity, vitality, and longevity - Made with Chaga, Maitake, and Schisandra Chinensis, the synergy of these three ingredients combined with the benefits of coffee boosts the immune system, increases vitality, reduces inflammation, and maintains health.

Bright Mood - Calm, happiness, and creativity - Thanks to its ingredients (Reishi, L-Theanine, and 5-HTP), this coffee boosts mood and increases calm and creativity.

To consume it, it is very easy: just replace your usual coffee with Upraising coffee. Whether prepared at home or at the office, with a Chemex, French Press, Italian Moka or any other filter method, Upraising coffee can easily be integrated into anyone's daily routine. It's a perfect way to boost your well-being!

Upraising will combine its digital launch into the UK through its own website (www.upraising.co) with being stocked at the well-known retail chain Planet Organic.
