

We Took The SH out of Cryptocurrency

The Replacement to Cryptocurrency

Miramar, Florida Mar 11, 2023 ([Issuewire.com](https://www.issuewire.com)) - Game On Players (GOPX) Launches Revolutionary Stable Growth Blockchain Currency

Game On Players (GOPX), a leading digital currency platform, is launching its Stable Growth Blockchain Currency, which promises to remove the risks associated with traditional cryptocurrencies while providing a reliable and practical investment option.

The GOPX Stable Growth Blockchain Currency is designed to maintain its value, generate liquidity, and offer a more compliant and secure investment option. Unlike other cryptocurrencies subject to market fluctuations and speculation, the GOPX token is designed to provide a stable store of value that generates liquidity through revenue-generation companies and affiliate partners.

"Our goal is to take the SH out of crypto," said Game On Players CEO Alex Slocum. "We aim to solve the problems associated with cryptocurrencies by creating a digital currency that is more stable, reliable, and practical for businesses and investors."

The GOPX Stable Growth Blockchain Currency also provides a migration path for cryptocurrency investors, token creators, and exchanges, making it attractive for those seeking a more secure investment option.

The token will be launched on the GOPX Blockchain Currency Exchange **on March 30th, 2023**, and is priced at \$500. Investors can buy and cash out the token without trading pairs, making it a more straightforward investment option.

Join the revolution of blockchain currency and invest in a true game-changer that guarantees a value that only goes up. Be a part of something remarkable and join our community of athletes, celebrities, IT and blockchain industry leaders, and financial industry game changers.
