

Young filmmaker Bakhtiyar Baig to make a short film using Smartphone

Mumbai, Maharashtra Mar 20, 2023 (IssueWire.com) - <https://g.co/kgs/Hvsni2> Producer and Filmmaker Bakhtiyar Baig is all set to come up with a new film titled 'Matrutuva'.

The upcoming project which is directed by himself will be entirely shot on smartphone . Matrutva is a thriller drama film. The story of the film revolves around the dreams, ego, vengeance and regret.

Talking about this film, Bakhtiyar said."Matrutva is an amazing story which is based on real incidents which people should know about it. We are working really hard to get everything right for this project and we have some of the best creators and music composers on board."

Bakhtiyar created a stir with his last zero budget short film Karim a father, which spoke about the domestic violence against women.

The cast has not been reveal yet.
