

Alexandra Suslow-Geditz, MD, an Internist with Louisville Medical Center

Get to know Internist Dr. Alexandra Suslow-Geditz, who serves patients in Louisville, Nebraska.

New York City, New York Apr 19, 2023 ([Issuewire.com](https://www.issuewire.com)) - A longtime resident of Louisville, Dr. Suslow-Geditz, also known as “Dr. G”, is an adept internist who is thrilled to be able to serve her community at the Louisville Medical Center in Nebraska.

“Louisville Medical Center is proud to bring high-quality, need-sensitive care to Louisville. Our no-insurance, self-pay medical care plan ensures that everyone has access to the health care they need when they need it. Preventative health care shouldn't ever be a financial hardship for people and that is why our practice makes health care affordable for all. Our feeling is that patients and providers are all too often unable to make the right healthcare decisions due to the constraints placed on them by insurance companies. We feel that you should be in charge of your health care and our medical center should be able to give you the care that you need, not the care the insurance companies dictate” as stated on their website.

A 1996 graduate of Creighton University School of Medicine, Dr. G went on to complete a residency in internal medicine and a fellowship in geriatrics medicine at the University of Nebraska Medical Center.

With over two decades of experience in urgent and ambulatory care, she is one of only two Physicians in Nebraska who are board-certified by the American Academy of Urgent Care Medicine (AAUCM). She is also certified to perform DOT physicals and has experience with patients aged 6 months to 106 years old.

Internal medicine is the medical specialty dealing with the prevention, diagnosis, and treatment of adult diseases. Physicians specializing in internal medicine are called internists. They manage and prevent common and complex diseases by providing comprehensive care and promoting overall well-being.

Most recently, Dr. G has been named a Top Internist of 2023 by Women in Medicine.
