Ponte Felcino, **Perugia Apr 12**, **2023** (<u>Issuewire.com</u>) - <u>Axioma Holding</u> offers families who are in danger of losing their homes a second chance and a way to give investors a chance to make money ethically and without speculating. <u>Axioma Holding</u> was founded with the idea of entirely circumventing the current financial system and making money through innovative peer-to-peer financing while also operating morally and in a way that benefits society.

Axioma Holding with Blockchain Technology:

The business collaborated with a Binance Blockchain to accomplish a deal that will significantly impact the global real estate market and tokenize assets worth more than EUR 135 million. The opportunity to take part in a cutting-edge initiative that guarantees financial success while also being morally and socially beneficial is also available to investors as confirmed by the Founder, Mr. Abdalla Abou Shanab.

What is the mission?

The founder, Mr. Abdalla Abou Shanab, has created a strong alliance with a team of experts in the fields of IT, real estate, conventional finance/Banks, compliance, blockchain/token/cryptocurrency, real estate, and real estate to accomplish this ambition.

The founder, Mr. Abdalla Abou Shanab decided to expand his base in the United Arab Emirates in 2022 to comply with Dubai's 2030 strategies for firms operating in the blockchain and metaverse. The company's roadmap has a very clear vision as the runway to the future.

To keep the whole process uninterrupted, secure, and hassle-free, the company used an asset management platform and took control of the development and audit of smart contracts for real estate.

Smart contracts adoption brought multiple advantages to the project:

- facilitated asset management processes automation
- helped to establish compliance requirements
- speeded up the KYC/AML confirmation
- simplify payment validation and transaction processing

The Conclusion:
