

Bitcoin Policy Summit Announces 2023 Conference In Washington DC:

Washington, D.C. - Bitcoin Policy Institute is proud to announce the Bitcoin Policy Summit, taking place on April 26th, 2023 at the National Press Club.

Washington, D.C, District of Columbia Apr 22, 2023 ([IssueWire.com](https://www.issuewire.com)) - Bitcoin Policy Summit:

Bitcoin Policy Institute is proud to announce the Bitcoin Policy Summit, taking place on April 26th, 2023 at the National Press Club.

This conference will bring together global industry leaders, elected officials, policymakers, regulatory authorities, Congressional staffers, and Bitcoin experts to discuss the future of Bitcoin policy. With a focus on innovation and regulation, the summit will explore how Bitcoin is unique among digital assets and how it strengthens America both domestically and internationally. Speakers and panels will address head-on the narratives shaping policy decisions and other challenges facing the industry.

The one-day, invite-only event will feature keynote speakers, panel discussions, and interactive sessions covering a range of topics including national security, bitcoin mining, energy infrastructure, global competitiveness, and human rights.

"We want to change the narrative," said Grant McCarty, Co-Executive Director of the Bitcoin Policy Institute. "Bitcoin is a tool that can be used for good, but most people in DC haven't heard that side of the story yet. We're excited to discuss how embracing this technology in Washington can ultimately benefit the United States."

Tickets for Bitcoin Policy Summit are now available. For more information and to request an invitation, visit www.btcpolicysummit.org.

About Bitcoin Policy Institute:

Bitcoin Policy Institute (BPI) is a non-partisan, non-profit think tank researching the impacts of Bitcoin and other emerging monetary networks. Established as a 501(c)3, BPI provides educational resources to policymakers while empowering Fellows from all over the country to conduct original academic research on Bitcoin. For more information, visit www.btcpolicy.org.
