**DEISTER**  
CONCENTRATOR

**Exclusive Distribution Partnership**

**kolkata, West bengal Apr 26, 2023 ([Issuewire.com](https://www.issuewire.com))** - CDE Asia, a leading manufacturer of wet processing equipment, has formed a **strategic partnership with Deister Concentrator**, a renowned manufacturer of mining and mineral separation equipment based in the United States. The partnership aims to **explore opportunities in the fast-growing Indian markets** for Deister Concentrator's products, including their industry-leading **Concentrating Shaking Tables**.

Under the Agreement, CDE Asia has become Deister's official distribution partner in India and will engage its specialist sales and technical team to promote their products in the region. This partnership will facilitate Deister's entry into the Indian market by collaborating with CDE Asia's mineral processing projects, **capitalizing on the combined expertise of both companies in the field of mineral processing** to drive industry-wide benefits.

Diester Concentrator, with a rich history dating back to 1906, is known for its commitment to quality and customer support. Their products are ecologically friendly, easy to operate, and customizable with unique designs, particularly Deister Concentrating Tables which are designed for the concentration of a variety of minerals. **This aligns with CDE Asia's focus on providing cutting-edge solutions** that are environmentally sustainable and tailored to meet the needs of their customers.

Manish Bhartia, Promoter & Managing Director of CDE Asia, expressed excitement about the partnership, stating, "We are delighted to join hands with Deister Concentrator and bring their innovative products to the Indian mineral processing markets. This partnership will enhance our capabilities to offer comprehensive solutions to our customers, and we look forward to a successful collaboration."

This strategic partnership between CDE Asia and Deister Concentrator is anticipated to enhance the market presence of both companies in India, while also granting customers **access to world-class mining and mineral separation equipment**, elevating the industry standards. With a focus on quality, customer support, and sustainability, this collaboration is poised to make a positive impact on the mineral processing industry in the region.
