

G35 Construction Launches a Website to Showcase Their Unique and Trending Building Styles

Building and construction company, G35 Construction have launched a website to showcase their unique and trending building styles. They are a custom building and construction company covering a range of services.

Sydney, New South Wales Apr 26, 2023 ([Issuewire.com](https://www.issuewire.com)) - G35 Construction launches a website to showcase its unique and trending building styles. They are also well known as [home builder Northern Beaches](#) or Builder Mosman. As a building and construction company, they pride themselves in delivering high-end custom homes and commercial buildings while developing positive, trusting relationships with both their clients and tradespeople. With over 22 years of experience in the

construction industry, they are capable of taking on any project and turning visions and dreams into reality. They are known to deliver the highest standard of work for their clients. They have always believed in the saying, "No job is too big or too small".

The company has been providing a range of building services in new builds, extensions, renovations and remodeling, commercial projects, and more. They possess a clean slate to build a homeowner's dream home with the exact specifications. They can work together with a choice of homeowner's architect or can recommend one. They are known and appreciated for accommodating and encouraging their client's ideas as well. If a client is stuck with size restrictions G35 construction can provide them with excellent solutions of whether going up or out will be needed to accommodate that much-needed space for a growing family.

For a homeowner looking to renovate or remodel their existing homes, G35 Construction's team has a keen eye to figure out unique ways to remodel and renovate older homes and make them gain higher values. They have beautiful and efficiently transformed a home in Narrabeena using their latest trending and unique building techniques, giving it a fresh and modern look. The living area was extended to the other side which increased the internal living space while giving a wide spacious look. To achieve the Hamptons look, the entire home was weather-boarded and a staircase was added internally to connect the upstairs part with the lower part of the home. The outcome was marvelous and highly appreciated by their client. One can find pictures of the renovated and remodeled home on their newly launched website.

Director and owner of G35 Construction, Shawn Jacobs has over 22 years of experience in building and construction and has worked on a multitude of projects gaining a diverse and comprehensive knowledge of the construction industry. Under the expert guidance of Director Shawn, G35 Construction has turned into a highly trusted construction and renovation service company. Their team's quality of service has been appreciated and they are known to deliver every project in a timely manner with high precision.
