Book - Post

The poster features a woman in a red dress standing next to a large, flowing red fabric. In the bottom right corner, there is a collection of textile machinery and accessories, including a sewing machine, a stack of blue fabric, a large industrial machine, and several spools of colorful thread.

Mumbai, Maharashtra Apr 14, 2023 ([Issuewire.com](https://www.issuewire.com)) - **Gartex Texprocess India**, the biggest trade show for textile and garment machinery, technology, and accessories in India, is set to take place from **May 11-13, 2023**, at the **Jio World Convention Centre, Mumbai**. With over **300+** brands and **150+** exhibitors showcasing their latest products and innovations, Gartex Texprocess India 2023 is an ideal

platform for industry professionals to discover new trends, explore the latest machinery and equipment, and network with industry leaders and experts.

The exhibition will feature a wide range of seminars and workshops conducted by seasoned industry experts, providing a consolidated experience for all attendees and buyers. Visitors will also get an opportunity to explore co-located events like **Denim Show**, a premier exhibition on the entire denim value chain, and Featured Zone **Fabrics and Trims Show**, a focused area to source fabrics and trims. The exhibition will also feature **Screen Print India**, an international exhibition on screen, textile, digital, and sublimation printing solutions.

"We are thrilled to bring Gartex Texprocess India 2023 to Mumbai and provide an excellent platform for the textile and garment industry to come together and explore the latest trends and innovations," said the spokesperson for Gartex Texprocess India.
