New Delhi, Delhi Apr 3, 2023 ([Issuewire.com](https://www.issuewire.com)) - Satya Clinic is an initiative by Dr. Shail Gupta & Dr. Ruchi Agarwal, started in the year 2005, with a vision of providing truthful, honest, artistic, skillful & passionate hair restoration treatments to people from all over the globe.

We have successfully treated 100K + patients since then & still, the happy Satya family is growing in number, with your love & affection. You always get an honest opinion about your condition and right from the beginning, you are on the right track. You never have to worry that you are missing out on something.

We have lived this journey of hair transplant & seen the technology growing, be a part of this through our innovations & experience. Satya Hair Loss Treatment Clinic is where you get to see the most recent innovations in medical treatment turn into efficient patient care.

Satya clinic has been providing excellent international quality treatments in the field of hair restoration and dermatology to patients from India as well as other parts of the world. We have brought the information which has always been hidden from you, which is important for you to understand the concepts of hair restoration. Satya has always stand with the truth.
