

How Quoality is helping hotels reduce international guest check-in time with FRRO Form C automation

Clayton, North Carolina Apr 13, 2023 ([Issuewire.com](https://www.issuewire.com)) - Hotels in India have been struggling to comply with FRRO regulations for foreign guests, with the login process being notoriously complicated and time-consuming. This not only puts hotels at risk of penalties and legal issues but also causes frustration for guests who have to go through lengthy manual data entry. Quoality's automation with [FRRO Form C](#) eliminates these challenges and provides a unified, contactless check-in solution for both Indian and foreign guests, making life easier for hotel staff and guests alike.

Quoality, the leading provider of [contactless check-in](#) solutions for hotels, is proud to announce the automation of its platform with the Foreigners Regional Registrations Office (FRRO) Form C. This innovative automation represents a significant step forward in the hospitality industry's digital transformation, providing hotels with a unified, contactless check-in solution for both Indian and foreign guests.

This new automation allows hotels to collect all the necessary information required for [FRRO online](#) compliance from their guests in advance of the check-in process. By integrating with FRRO Form C, Quoality has made the process of complying with regulations easier and 100X faster than ever before. The automation eliminates the need for manual data entry, which significantly reduces the risk of errors and increases compliance rates.

The automation of Quoality's [contactless check-in hotels](#) with FRRO Form C is an essential step for hotels that cater to foreign guests. The [FRRO Form C login](#) process is notoriously complicated, and it has been a significant challenge for hotels in India to comply with these regulations. The automation of the Quoality platform with the FRRO Form C eliminates the need for manual data entry, reducing the time and effort required to comply with the regulations.

It becomes even more powerful with Quoality's contactless check-in hotels solution that allows guests to complete the check-in process directly from their preferred device. The solution is designed keeping hoteliers and guest experience in mind. It takes less than 5 minutes for hoteliers to setup. The platform is secure, fast, and easy to use, and guests appreciate the convenience it offers. Since its launch, the platform has seen above 70% check-in rate. And substantial time framing for hotel front desk staff.

Furthermore, the Quoality platform is incredibly user-friendly, and hotel staff can easily access it via a mobile device or computer. This innovative platform is perfect for hotels of all sizes, whether you operate a small boutique hotel or a large chain of hotels across India.

Quoality's success in providing contactless check-in solutions has not gone unnoticed. The platform has already been adopted by over 5000 rooms and beds, and the number continues to grow. These hotels have reported significant benefits, including cost savings, improved guest satisfaction, and increased compliance with FRRO regulations.

The automation with FRRO Form C represents an important milestone in Quoality's mission to provide contactless check-in hotels with innovative and affordable technology solutions. The platform's user-friendly interface and automated processes have been developed with hotels in mind, streamlining operations, and allowing hotel staff to focus on providing exceptional guest experiences.

In conclusion, Quoality's automation of contactless check-in with FRRO Form C is a game-changer for hotels in India. This automation has made the process of complying with FRRO online regulations simpler, faster, and more efficient. The Quoality platform's success is evidenced by the number of hotels that have already adopted it, and the overwhelmingly positive response from guests. Quoality is leading the way in the contactless check-in space, providing hotels with innovative, user-friendly technology solutions that make life easier for hotel staff and guests alike.
