

ISCPO Appoints Glenn Master as President/Chairman of the Board

Dallas, Texas Apr 17, 2023 ([Issuewire.com](https://www.issuewire.com)) - The International Supply Chain Protection Organization (ISCPO) is happy to announce the appointment of Glenn Master as President and Chairman. Glenn is currently the Director of Asset Protection & Enterprise Security for McLane, Inc. He is also the Co-Founder of the ISCPO and after spending six years as a board director and advisor has decided to step back in the role of President.

Glenn adds “I am extremely honored and humbled to be assuming this leadership role as the organization is approaching a decade of existence. The ISCPO was just an idea with fellow co-founders Rod Fullenwider and Byron Smith recognizing a need in the industry for a supply chain security networking platform. What we have been able to achieve, along with former and current board members over the last nine years has been extraordinary. I am looking forward to leading the ISCPO into a new chapter that includes the expansion of international markets, while continuing to grow our membership and premier vendor partner base.”

The ISCPO would like to thank Rhett Asher for his strong leadership, contributions, and forward-guiding direction during the last three years as the President and Chairman. Rhett will continue to stay involved in assisting the ISCPO as a member of the Board of Directors.
