

Kurtus Dafford, MD, a Neurosurgeon with Brigham and Women's Hospital

Get to know Neurosurgeon Dr. Kurtus Dafford, who serves patients throughout the State of Massachusetts.

New York City, New York Apr 12, 2023 ([Issuewire.com](https://www.issuewire.com)) - A highly-trained neurosurgeon, Dr. Dafford offers his services at Brigham and Women's Health Care Center, Pembroke; Brigham and Women's Hospital, Neurosciences Center; Brigham and Women's Neurosurgery at South Shore Health; and Brigham and Women's Surgical Associates at South Shore Hospital.

The doctor's clinical interests include artificial disc replacement, cervical radiculopathy, cervical stenosis, degenerative disc disease, lumbar radiculopathy, lumbar stenosis, minimally invasive surgery, spinal deformity, spinal disorders, spine treatment, spine tumors, and spondylolisthesis.

After graduating with his medical degree from the American University of the Caribbean School of Medicine in 2002, Dr. Dafford went on to further his training by completing an internship with Spartanburg Regional Healthcare System in 2003. He then completed his residency in neurosurgery at the Tulane University School of Medicine in 2009, and his fellowship in spine surgery at the Oregon Health and Science University in 2010.

As a testament to his continued education, he is board certified in neurosurgery by the American Board of Neurological Surgery (ABNS). The broad aim of the ABNS is to encourage the study, improve the practice, elevate the standards, advance the science of neurological surgery, and thereby serve the cause of public health.

Neurosurgery is the medical specialty concerned with the prevention, diagnosis, surgical treatment, and rehabilitation of disorders that affect any portion of the nervous system including the brain, spinal cord, peripheral nerves, and extra-cranial cerebrovascular system. Neurosurgeons are doctors who diagnose and treat problems with the nervous system, often by performing surgery on the brain or spine. They treat strokes, tumors, certain types of birth defects, infections, and head or spinal cord injuries.

Among his most notable achievements, Dr. Dafford has been the recipient of a Patients' Choice Award (2018, 2014).
