

Open schooling, Homeschooling with Presidency Public School

Nios schools can act as the alternative school for children who are slow in learning

Bengaluru, Karnataka Apr 24, 2023 ([Issuewire.com](https://www.issuewire.com)) - SchoolBase is a part of the Presidency Public School, started with the intent to facilitate students of all backgrounds to continue school. In the three decades since we began operating, we encountered many students and families who were unable to blend with the conventional education system. To help such students and ensure everyone benefits from education, we tied up with the National Institute of Open Schooling (NIOS), an autonomous organisation established in pursuance of the National Policy on Education (NEP) 1986 by the Ministry of Education (MOE), Government of India.

Schoolbase provides **ALTERNATIVE SCHOOL EDUCATION – OPEN SCHOOL, homeschooling solutions, and special education for students**

- Learning disabilities
- Students from alternate education systems.
- Youth with professional commitments (child actors, sports persons, etc.)
- Students who are unable to cope with the regular curriculum (for example foreign students)

We have created a **conductive ecosystem** to motivate students and promote a holistic **learning environment** for students. We aim to promote the right to education and ensure that no child is left behind.
