

Rainmaker Quantum and Ultimate Pinnacle Announce Strategic Partnership

London, United Kingdom Apr 16, 2023 ([Issuewire.com](https://www.issuewire.com)) - On January 30, 2023, Rainmaker Quantum Group officially announced a strategic partnership with Ultimate Pinnacle. The agreement marks a collaboration between two leading companies in the financial and technology sector, providing innovative solutions for all business partners and retail investors.

Rainmaker Quantum Group is a pioneer in artificial intelligence and quantum computing technology, focusing on the financial market and dedicated to developing high-tech quantum strategy trading systems. The founder of Rainmaker Quantum, Dr. Jo R.S., has developed a quantitative AI trading technology, and the investment performance of the "Divine Quantum" 1.0 to 3.0 has reached an excellent level. This strategic partnership with Ultimate Pinnacle will further optimize the "Divine Quantum 4.0", which will also further improve the risk control of the excellent yield rate. This technology uses quantum computers to analyze big data and uses AI to filter strategies, and it is respectively the "Zorya", "Perun", and "Dzboog" quantitative AI trading robots. Compared with the past strategies, "Divine Quantum 4.0" applies more conservative risk-return algorithms to help customers achieve stable profits. Ultimate Pinnacle is a global leading foreign exchange and contract for difference brokers, and it is well

known for providing customers with safe and reliable trading solutions.

The partnership between Rainmaker Quantum Group and Ultimate Pinnacle will completely change the financial market and provide investors and traders with a safe, reliable, and innovative trading system through Rainmaker Quantum Group's proprietary "Divine Quantum 4.0." The system allows investors and traders to take advantage of new technologies and opportunities in an unprecedented way and enhance the investment portfolios of all users.

Rainmaker Quantum Group CEO, Shaun Etou, stated at the signing ceremony, "Due to the global outbreak of COVID-19, as well as the rapid development of digitalization, technology, aging population, and globalization, our way of life and economy have undergone significant changes. To meet the needs of our customers in this new era, we will improve our operational capabilities and increase our competitiveness among peers through cooperation with Ultimate Pinnacle, and transform our business model. Through this partnership, we will become a stronger and trust-able financial group.

This collaboration also indicates that both parties will share more resources and are committed to:

1. Achieving hyper-personalization through data-driven platforms

As a first step, Rainmaker Quantum Group will build a new digital marketing platform as a center point for retail customers to participate in and will use its own advanced data analysis technology to insight and predict customer needs, and use top-notch artificial intelligence technology to achieve personalized service to improve customer satisfaction.

2. Providing advanced financial services

Based on Rainmaker Quantum Group's technology and technology, Ultimate Pinnacle will also be able to create new and advanced digital financial services products, such as the integration of artificial intelligence and quantum technology in the development of the "Divine Quantitative Intelligent Trading Technology". Through this, Ultimate Pinnacle will also be able to attract customers on a large scale and establish a more long-term relationship with them.

3. Modernizing systems to improve security and agility

To become the most trusted financial technology group by customers, both parties will provide each other with more secure engineering expertise and development processes to modernize security systems and make the system infrastructure and system development process more agile and secure.

4. Transforming the operation mode of the Group

This close cooperation with Ultimate Pinnacle aims to integrate Rainmaker Quantum Group's innovative technology developments and problem-solving models into its business operation mode and to prepare for future corporate expansion fully.

According to a representative from Ultimate Pinnacle, the application of technology, including big data analysis, quantum computers, artificial intelligence, and machine learning, is rapidly developing across all industries. Ultimate Pinnacle is keeping up with these trends. The use of quantum computers in the financial sector is also rapidly developing, with high-frequency quant trading being a prime example. Rainmaker Quantum Group uses quantum computers to analyze big data and combine it with artificial intelligence to develop strategies, which allows for faster and more accurate identification of trading

opportunities and risk management. In the future, the partnership between Rainmaker Quantum Group and Ultimate Pinnacle will leverage each other's strengths to strengthen their positions in the financial and technological fields and achieve market success together.

Last but not least, the representative from Ultimate Pinnacle highly praised the partnership. "We are dedicated to providing better access to secure, reliable, and innovative trading systems. This partnership represents a revolutionary technology that will bring tremendous benefits to our company and the clients we serve."

This partnership has significant benefits for both companies. It will undoubtedly transform the financial market and exploit the arbitrage potential of investors and traders in a safer way. We are thrilled to see this groundbreaking work as they continue to expand the possibilities of the financial market.
