

SunTec Data Strengthens Commitment to Client Data Protection with HIPAA Compliance

SunTec Data's Parent Company Earns HIPAA Compliance, Enhancing Data Security for its Clients

Dependable Outsourcing
Since 1999

Laguna Beach, California Apr 20, 2023 ([Issuewire.com](https://www.issuewire.com)) - We are pleased to announce that our parent company- SunTec India - has achieved [HIPAA compliance](#). As a division of SunTec India, we are immensely proud at this moment. This achievement proves our team's unwavering commitment to maintaining the highest data privacy and security standards for our clients.

As a HIPAA-compliant service provider, SunTec India ensures the implementation of enhanced data security measures to minimize the risk of data breaches and the associated consequences, including legal penalties and reputational damage. This practice is thoroughly taken care of at SunTec Data as well. We follow HIPAA compliance regulations to ensure that we adhere to the highest industry standards.

"Our team has always been committed to safeguarding our clients' data and implementing various security measures to ensure its protection. Moreover, with the recent achievement of our parent company's HIPAA compliance, our data security measures have now been improved even further," said Rohit Bhateja, Director- Digital, SunTec Data.

He further added, "This achievement is a significant milestone for us, and it reinforces our dedication to maintaining the highest levels of data privacy and security. We, therefore, have rigorously trained our staff with the required skills to be able to comply with the HIPAA regulations and industry standards."

As part of our service portfolio, we offer a range of solutions that comply with HIPAA regulations,

allowing us to cater to businesses across diverse domains. Some of the services that we offer include

- [Data entry and management services](#)
- Medical claims processing support
- Electronic Health Record (EHR) management support
- [Healthcare research services](#)
- [Healthcare data mining services](#)
- [Healthcare data annotation services](#)
