So, if you need clarification on which roofing material is suitable, contact Perfect Choice Roofing & Eavestrough today. We'll be happy to provide you with expert advice and guidance.

What is the best roofing material?

Asphalt shingles are North America's most popular roofing material and for a good reason. They are affordable, easy to install, and come in various colours and styles. Asphalt shingles also have a relatively long lifespan, lasting anywhere from 20 to 30 years.

Asphalt shingles

Asphalt shingles are a type of [roofing material](#) composed of asphalt and fibreglass. Asphalt shingles are a popular roof choice because they are economical and easy to install.

Wood shingles and shakes

Wood shingles and shakes are made from natural wood, so you can expect them to last a long time. They're also very durable, so you don't have to worry about them being damaged by severe weather or high winds. Wood shingles and shakes are also fire resistant, so you can rest assured knowing your home is safe from fire damage.

Metal roofs

One of the most popular roofing materials on the market is metal. Metal roofs are known for their durability and long lifespan. They are also low maintenance and easy to install. A metal roof might be a perfect choice if you are looking for a roof that lasts many years.

Tile roofs

If you are considering a tile roof for your home, Perfect Choice Roofing & Eavestrough can help you choose the right type of tile and install it correctly. We have over 25 years of experience in the roofing industry, so we know what works best in different situations. Contact us today for a free consultation.

Slate roofs

Slate roofs are one of the most popular roofing materials on the market. They offer a classic look that can complement any home style. In addition, slate roofs are known for their durability and long-lasting performance. If you're considering a slate roof for your home, take advice from Perfect Choice Roofing & Eavestrough to ensure you select the appropriate roofing material.
