

ThinkGeek Labs Launches Timmy's Torrid Tonic - The Universe's First Caffeinated Hot Sauce

Fairfax, Virginia Apr 14, 2023 ([Issuewire.com](https://www.issuewire.com)) - ThinkGeek Labs has announced the launch of Timmy's Torrid Tonic, the universe's first-ever caffeinated hot sauce. This hot sauce is the brainchild of Virginia organic pepper farmer Robert Farr, who worked alongside the ThinkGeek Labs team to formulate this new product.

After months of sleepless nights, Timmy finally came up with a hot sauce that is both extremely hot and tastes great, with the added bonus of caffeine. The recipe for Timmy's Torrid Tonic features water, carrots, habanero peppers, honey, white vinegar, onion, lime, salt, caffeine, and white pepper. There are no preservatives used in the production of this hot sauce.

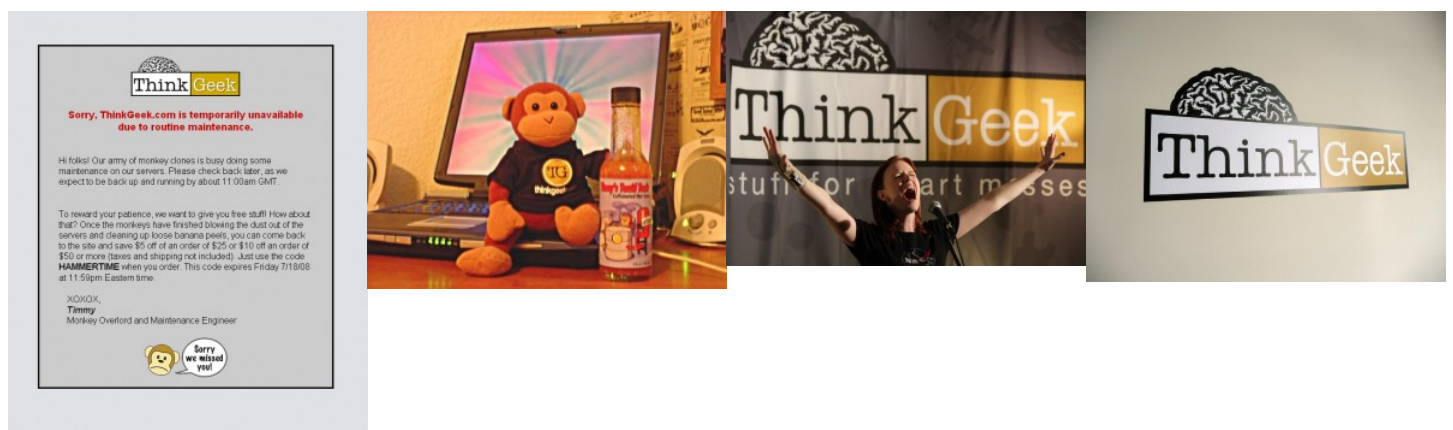

Each five-ounce bottle of Timmy's Torrid Tonic contains 30 servings, with 12.5 milligrams of caffeine per serving. The caffeine content of the hot sauce is sure to give customers an extra boost of energy to get through their day.

ThinkGeek Labs' Timmy's Torrid Tonic is part of the "ThinkHeat" brand hot sauce line, which is the perfect blend of organic and sustainable farming practices with a geeky twist. The hot sauce is available for purchase through the ThinkGeek Labs website and select retailers.

Scott Simon of NPR had the chance to sample Timmy's Torrid Tonic and was impressed by the unique flavor profile of the hot sauce. The combination of spicy habanero peppers, sweet honey, and tart lime with the added kick of caffeine is sure to please adventurous taste buds everywhere.
