

Active Digital Appoints NAV Consulting as Fund Administrator

Road Town, Tortola May 21, 2023 ([IssueWire.com](https://www.issuewire.com)) - Active Digital is thrilled to announce a new partnership with NAV Consulting, a leading firm with extensive expertise in the administration of digital assets.

This strategic alliance underscores Active Digital's commitment to delivering a transparent and institutional service to its customers. In the wake of the recent FTX implosion, the need for complete transparency in the digital assets industry has never been more paramount. NAV Consulting, with its profound expertise and comprehensive suite of services, is perfectly poised to deliver the level of transparency that Active Digital's clients expect and deserve. Serving as the fund administrator, NAV Consulting will bolster Active Digital's institutional capabilities in managing its systematic trend-following fund and digital native market-neutral fund.

Active Digital was first launched in 2020 and has since demonstrated a proven track record of success. Its innovative approach to digital assets management has won the fund numerous accolades, cementing its position as a leader in the industry.

"We're excited about this partnership and the value it brings to our operations," said Jesse Smythe,

Director of Active Digital. "NAV Consulting's profound expertise in the digital and cryptocurrency sector aligns perfectly with our vision. We're looking forward to a fruitful collaboration that benefits our customers and elevates the standard of transparency in the industry."
