

ATTO DIGITAL Launches ovOlio, the Groundbreaking Mindful Desk Companion, on Kickstarter

Transform your home or your workspace into a zen oasis with this natural levitating essential aroma diffuser.

Atlanta, Georgia May 4, 2023 ([Issuewire.com](https://www.issuewire.com)) - ATTO DIGITAL, a US-based company with over 10 years of experience in creating innovative designs, is thrilled to announce the launch of its latest product, ovOlio, a mindful desk companion that helps users find balance and calm in their daily lives. The company is launching ovOlio on Kickstarter on [launch date] with the goal of raising [funding goal], and is expecting an overwhelming response from its backers.

[ovOlio](#) is a desk toy with a twist, featuring a unique design that provides a sensory experience for users. Its magnetic core keeps it balanced while rotating, and six CNC-drilled gauges wrap around the core, representing the six eternal elements of the universe. This makes it a perfect tool for exploring new scents, experiencing perpetual movement, feeling tactile relaxation, and reducing overall anxiety.

The inspiration for [ovOlio](#) came from nature, and the egg-shaped design symbolizes the core of emotions. The product was developed during the lockdown, when anxiety levels increased due to global events such as the pandemic, isolation, war, recession, and stress. The [ovOlio](#) Creator, Lorina B, stated, "We felt the need to return back to ourselves, disconnect from the screens and bad news, and reconnect to nature. And what better way to do that than to work with natural fibers and scents?"

ovOlio is not just a desk toy; it's a tool that helps users achieve balance and calmness in their everyday lives. Whether it's for personal use or as a gift for a loved one, ovOlio offers a unique and effective way to combat stress and anxiety.
