

Axiom Chiropractic Launches Charity Drive to Make a Difference in the Community

Charlotte, North Carolina May 10, 2023 ([IssueWire.com](https://www.issuewire.com)) - Axiom Chiropractic, an innovative Charlotte chiropractic practice, is launching a charity drive to raise money for its local community. The initiative aims to raise money for those in need and support local causes. Through the power of collective giving, Axiom Chiropractic hopes to make a positive impact on the lives of many.

"At Axiom Chiropractic, we are passionate about providing quality care and services to our patients and our community," said Dr. Tyler Hartley, co-owner and chiropractor at Axiom Chiropractic. "We are excited to launch this charity drive as it will help us give back and make a difference in the lives of people who need it most."

The charity drive will focus on raising funds for local nonprofits and programs that benefit the community as a whole. The funds raised will be donated to a specific organization that Axiom chooses to partner with each month. They kicked their efforts off by partnering with Kids with PossAbilities in April, in which they were able to raise \$4,800. This donation was able to provide funding for therapies and educational scholarships for local families with children with developmental delays.

The charity drive is led by providing much-needed Gonstead Chiropractic care to the Charlotte community. Axiom Chiropractic has reduced its initial evaluation fee to a mere \$200 donation to create easier access to its services. That means for every new patient referred to Axiom Chiropractic, they will donate \$200 to their partner organization.

This initiative is part of Axiom Chiropractic's mission of being a cornerstone in the community. "We want our patients and neighbors to know that we genuinely care about making a difference in our neighborhood," said Dr. Megan Hullihen, co-owner and chiropractor at Axiom Chiropractic. "By giving back through this campaign we hope to show our commitment and dedication to helping others in need and building strong relationships within our community."

The next charity they are partnering with is called The Sandbox, which works with families of children with cancer and life-altering illnesses and empowers them throughout their healthcare journey. They provide evaluations, education, resources, connections, and opportunities in order to meet the unique needs of each family. Both Dr. Megan and Dr. Tyler's families have been affected by cancer, so they have a personal connection with this organization, and they are excited to have the opportunity to partner with them.

Axiom Chiropractic encourages everyone in the Charlotte area to join them in their philanthropy efforts by participating in their activities or simply spreading the word about their cause online or with friends and family members. Donations can also be made directly through their website or at their office in Cotswold.

With this new charity drive, Axiom Chiropractic hopes to make an impact on those in need while bringing people together for a good cause. They invite everyone in the Charlotte area to come out and show their support during this exciting time!
