CLOUD COUNTRY

Tinnikuru, Viljandi May 10, 2023 ([Issuewire.com](https://www.issuewire.com)) - Flashat's advanced AI algorithms have revolutionized social interaction, enabling people worldwide to come together and form a new kind of nation – the Flashat Cloud Country.

Becoming a Cloud Citizen in Flashat is easy. Simply register and create an account, and you'll instantly become a part of the growing community of Cloud Citizens. As a Cloud Citizen, you'll have access to private messaging, socializing, and the opportunity to participate in Home-App-Business. Flashat Cloud Country is made up of thousands of Cloud Communities or Cloud Tribes, created and managed by the Cloud Citizens themselves. The creator of any Cloud Tribe is called "THE BOSS" and is considered the Tribe chief. Only Premium Cloud Citizens have the opportunity to participate in Home-App-Business, but all Cloud Citizens have the right to form and lead a virtual tribe, freedom of speech and expression, fair treatment, and the right to participate freely in public and open huddles. However, being a Cloud Citizen also comes with responsibilities. These include paying the Cloud Citizenship duties or virtual tax, obeying the rules, regulations, and policies of the Cloud Country, managing huddles as created by the Cloud Citizen, respecting other Cloud Citizens, actively interacting in the Cloud Country, and cooperating with the controlling body in identifying violations and threats to the Cloud Community.

"We are thrilled to see the growing community of Cloud Citizens in Flashat Cloud Country. Our vision is to create a new kind of nation, where people from all backgrounds can come together and form meaningful connections. We invite everyone to join us in this exciting journey and become a part of the Flashat Cloud Country community today!"
