

Dr. Griesinger's Cancer Breakthrough & Texas Southern Univ. Appointment

Dr. Nancy L. Griesinger, Ph.D. Triumphs in Cancer Prognosis Presentation and Joins Texas Southern University as Faculty Speaks Editor

TEXAS SOUTHERN UNIVERSITY

College of Science,
Engineering & Technology

2023 Research Seminar Series

May 03, 2023

Location: **SB 158**

Time: **12:00 pm**

Presenter:

Dr. Nancy L. Glenn Griesinger

**Harnessing Artificial Intelligence for Cancer Prognosis
and Prediction: The Statistician's Crucial Role
– A Comprehensive Sequel**

Houston, Texas May 2, 2023 ([IssueWire.com](https://www.IssueWire.com)) - Dr. Nancy L. Griesinger, a renowned statistician, professor, researcher, and entrepreneur, has made remarkable strides in the field, winning 1st place for her Cancer Prognosis Presentation and earning the prestigious position of Faculty Speaks Editor at Texas Southern University. With a Ph.D. and an extensive background in research, Dr. Griesinger's groundbreaking work can potentially transform cancer prognosis and treatment.

Dr. Griesinger's [award-winning collaborative presentation](#) explores the resurgence of artificial intelligence (AI) and its application in machine learning for cancer prognosis and prediction. This novel predictive model for cancer patients incorporates genetic and clinical factors to predict treatment outcomes more accurately. This innovative approach aims to enhance personalized treatment plans, potentially improving cancer patients' survival rates and quality of life worldwide.

As [Faculty Speaks Editor](#), Dr. Griesinger will curate and edit thought-provoking content for the Texas Southern University community. Her appointment to this role is a testament to her exceptional communication skills and ability to inspire the next generation of researchers and STEM professionals.

Dr. Griesinger expressed her gratitude for the recognition and the opportunity to contribute to Texas Southern University. "I am honored to receive this award for my research presentation and to join the esteemed ranks of the Faculty Speaks editorial team. This recognition motivates me to continue ensuring that all faculty voices are represented, and I look forward to sharing my passion for scientific discovery with the university community."

University officials and colleagues have praised Dr. Griesinger and her team (including biologists and medical practitioners) for achievements and appointments, highlighting their dedication to advancing cancer research and their commitment to fostering an environment of intellectual curiosity and growth.

The 1st place award for her cancer prognosis presentation and election as Faculty Speaks Editor attest to Dr. Griesinger's exceptional skill and expertise in the field and her ability to communicate complex scientific concepts to a broader audience.

Dr. Nancy L. Griesinger's cancer research accomplishments and appointment as Faculty Speaks Editor demonstrate her unwavering dedication to pushing the boundaries of scientific knowledge and inspiring others to do the same. As she continues her groundbreaking work at [Texas Southern University](#), the collective impact on cancer prognosis and treatment will undoubtedly resonate throughout the global medical community.

ABOUT DR. NANCY L. GRIESINGER, PH.D.

Dr. Nancy L. Griesinger is a tenured professor of mathematics and statistics with a Ph.D. in statistics from Rice University, who has been teaching at the university level for 21 years at universities in Texas, South Carolina, and California. Dr. Griesinger is also the founder and CEO of [Mobile Math, LLC](#), a mathematics tutoring agency.
