

HawksHead Launches New Dealer Program for Its TPMS Products.

Tire Pressure Monitoring Systems

Vancouver, British Columbia May 29, 2023 ([Issuewire.com](http://www.Issuewire.com)) - HawksHead Systems (www.TPMS.CA) a supplier of Aftermarket Tire Pressure Monitoring Systems in North America are seeking New Dealers for our Authorized Dealer Program.

The program is ideal for many types of business including Tire Distributors, Truck Parts and RV Parts suppliers.

HawksHead can also supply TPMS systems for Large Bore OTR Tires, Emergency vehicles (Fire Trucks, Ambulances etc.) as well as Motorcycles and Performance vehicles.

We all know that keeping your Tires correctly inflated reduces the amount of fuel you use thus reducing ones Carbon Footprint.

HawksHead has been in business for over 12 Years and believes in great products and great customer service.

HawksHead are here to help you become successful as a Dealer with aftermarket TPMS Systems.

In July of 2022 Tire Pressure monitoring systems became a mandatory component across Europe on all New Trucks, Trailers , Buses and Coaches Could North America be next ?

Should you wish to join our Dealer Team or explore further please visit <https://www.tpms.ca/become-a-dealer.html> .
