London, Ontario May 3, 2023 ([IssueWire.com](https://www.issuewire.com)) - 'Canada: Brave New World' is a celebration of the resilience and strength of the human spirit, showcasing how individuals can overcome adversity and thrive in a new environment. The anthology, the seventh book by best-selling author Elaine Cougler, features inspiring true stories of immigrants and their families who have made Canada their home.

'Canada: Brave New World' would be an excellent read for anyone interested in immigration stories, Canadian history, or the power of human resilience. This book would appeal to a wide range of readers, including those who enjoy personal memoirs, anthologies, and non-fiction books. Additionally, individuals interested in learning more about the diverse cultures and contributions of immigrants to Canada would find this book particularly engaging.

The book includes many shocking stories of beleaguered people who were forced to flee from their home country and chose to settle in Canada many years ago or in the recent past. Out of very difficult situations, these new Canadians created and are creating a home in which they can be successful, happy and fulfilled; Canada is much richer and better off because those people came here. The book contains stories of people from Ireland, Zimbabwe, Latvia, Germany, the Netherlands, Great Britain, and many other countries. It is a compilation of those who had the strength and determination to flee, often leaving behind their extended families, never to see them again. These immigrants prove once again the courage of ordinary people who, in perilous times, rise to become extraordinary.

"History is very important for understanding our past, but personal history brings past experiences to life. These first-hand accounts of journeys, lessons learned, and the resilience of the New Canadians are riveting." - *Janet Snider, Author of Different Strokes: Answers to the Perplexing Differences Between Americans and Canadians*

"It was an absolute honour to read [this] book... [with] so many interesting stories which demonstrate courage, perseverance, and love for family. The suffering that was endured, and yet they made the choice to move ahead with life..." - *Patti Toporowski, Reader*

A book launch event is scheduled for Sunday, June 4th, 2023, from 2:00 PM - 4:00 PM at Kirk Hall, St. David's Church (190 Springbank Ave N) in Woodstock, ON. It will be an opportunity to hear from those who submitted their personal stories and experiences and to celebrate Elaine Cougler's seventh release. It promises to be an inspiring and moving event.
