

NOVOCLOUD UC Receives 2023 Unified Communications Product of the Year Award

TELNOVO's NOVOCLOUD UC Honored for Exceptional Innovation

Metropolitan Manila Area, Philippines May 15, 2023 ([Issuewire.com](https://www.issuewire.com)) - **TELNOVO Communications** announced today that [TMC](#), a global, integrated media company helping clients build communities in print, in person, and online, has named **NOVOCLOUD UC** as a 2023 Unified Communications Product of the Year Award winner.

The [NOVOCLOUD UC](#) is a comprehensive Unified Communications System that is accessible through the public cloud. It provides a wide range of essential business phone features, such as automated call answering, caller identification, call waiting, personalized music during the hold, call recording, call forwarding/transferring, and call center functionalities.

"We are tremendously grateful to receive this prestigious award from TMC, recognizing the impact

TELNOVO's NOVOCLOUD UC has made in reshaping the way businesses collaborate during a rapidly changing hybrid work environment," expressed Miguel Mendoza, CEO of TELNOVO. "As we celebrate our 10th year in the industry, our commitment to providing small and medium-sized businesses with state-of-the-art cloud communication solutions remains stronger than ever."

"It gives me great pleasure to honor **TELNOVO Communications** as a 2023 recipient of TMC's Unified Communications Product of the Year Award for their innovative solution, **NOVOCLOUD UC**," said [Rich Tehrani](#), CEO, of TMC. "Our judges were very impressed with the ingenuity and excellence displayed by **TELNOVO** in their groundbreaking work on **NOVOCLOUD UCaaS**." Winners of the 2023 Unified Communications Product of the Year Award will be announced online and highlighted in [INTERNET TELEPHONY magazine](#) online.
