

Revolutionary Credit Card Processing Company Saves Retailers Millions with Innovative Rebate Program

Prime Royalty Processing's Reverse Cash Discount Visa Program transforms the payment processing landscape, delivering unprecedented savings and benefits to merchants

PRIME ROYALTY PROCESSING

Chicago, Illinois May 8, 2023 ([Issuewire.com](https://www.issuewire.com)) - Prime Royalty Processing, a leading credit card processing company with over 30 years of industry experience, announces impressive results following the implementation of its ground-breaking Reverse Cash Discount Visa Program on July 1, 2022. The program's innovative approach to merchant savings has led to a significant decrease in lost sales and a

substantial increase in cash transactions, ultimately providing retailers with massive savings and lucrative rebates.

According to Visa cash discount specialists Pamela Hess and Chuck Costello, the Reverse Cash Discount Visa Program has successfully minimized the loss of merchant sales to just 2%, while 8% of transactions have transitioned to cash. Furthermore, a staggering 8 out of 10 new applications are adopting the Reverse Cash Discount Visa Program, with 95% of these clients opting for this exceptional option.

However, Prime Royalty Processing reveals that a mere 7% of merchants are currently benefiting from their exclusive rebate program. This game-changing initiative offers rebates and rewards based on sales volume, allowing qualified retailers to receive a royalty check on a monthly basis. Only 12% of processors are currently offering such rebates to their clients, with many choosing to retain the rebate or partially distribute it to their agents.

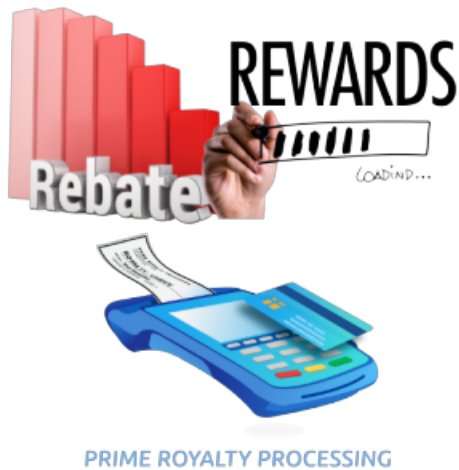

With the Prime Royalty Processing rebate program, retailers with multiple locations have experienced a jaw-dropping financial turnaround. One example illustrates a retailer who previously paid \$220,000 annually in fees now enjoying zero fees, plus receiving over \$35,000 in rebates. This translates to a staggering million-dollar swing in just four years.

The rebate tiers offered by Prime Royalty Processing are as follows:

- **3.99% rebate: \$500 per \$100,000**
- **3.49% rebate: \$300 per \$100,000**
- **2.99% rebate: \$200 per \$100,000**

Prime Royalty Processing invites merchants to explore the participating companies offering these unmatched rebates by visiting their website at primeroyaltypartners.com or by contacting Senior VP of Sales Joe Schrementi at [708-439-5480](tel:708-439-5480) and VP of Sales Jarrett Pruitt at [708-539-7222](tel:708-539-7222) or visit www.primeroyaltyprocessing.com for more information.

Don't miss out on this revolutionary opportunity to transform your business's financial landscape. Join the growing number of satisfied retailers who have chosen Prime Royalty Processing and experience the unparalleled benefits of their Reverse Cash Discount Visa Program and Rebate Programs.
