

SMK Aminuddin Baki Embraces Digital Innovation with Arvia Interactive Smartboards and Arvia Certified Educator Program

Puchong, Selangor May 19, 2023 ([Issuewire.com](https://www.issuewire.com)) - SMK Aminuddin Baki has taken a significant step towards advancing education through digital innovation by launching a transformative digitalization program in collaboration with Israk Solution Sdn Bhd, which includes the launching of 15 cutting-edge [Arvia Interactive Smartboards](#). This marks a significant milestone in the school's digital transformation journey, providing students and teachers with an immersive and dynamic learning environment.

Mr Mustaffa, Principal of SMK Aminuddin Baki, Johor Bahru said, "After six months of using Arvia Interactive Smartboards, SMK Aminuddin Baki has experienced a significant positive impact, with attendance rates increasing from 45% to 80%. This demonstrates the effectiveness and benefits of the technology in enhancing student engagement and participation".

In line with this collaboration, Arvia will further support the integration of smart board technology into teaching practices through the '[Arvia Certified Educator](#)' program. "By offering the 'Arvia Certified Educator' program, we aim to provide teachers with the opportunity and experience to use Arvia Interactive Smartboards and further advance the digitalization of education." added Mr Najib.

Arvia has also collaborated with the Education Technology Resource Sector in Johor, Putrajaya, and Selangor as part of its support in empowering digitalization education. The collaboration aims to provide awareness and create opportunity in revolutionizing the learning experience to schools, teachers, educators and students.

The event, which took place on 9th May 2023 at SMK Aminuddin Baki Hall, was launched by Johor Bahru District Deputy Education Officer, **Mr. Mohd Zamri bin Jamaluddin** and attended by representatives from Jabatan Pendidikan Negeri Johor and education professionals. Attendees had the opportunity to witness live demonstrations of the interactive features, seamless integration with digital content, and user-friendly interface of the state-of-the-art Arvia Interactive Smartboards such as drone programming, e-sport, chess game, Plicker and Islamic Application.

"Murid Ceria, Guru Bahagia, Sekolah Bitara, Negara Sejahtera" program that announced by Ministry of Education's recently which aims to deliver high-quality education and cultivate educated individuals for a cultured nation. Arvia Smartboards simplify teaching by eliminating the need for laptops and projectors, saving time for teachers.
