Kuala Lumpur, Malaysia May 10, 2023 ([Issuewire.com](http://www.Issuewire.com)) - The exhibition is sponsored by the Department of Commerce of Zhejiang Province and undertaken by Zhejiang Broad International Exhibition Co., Ltd. Expo will be opened from **May 29 to June 9, 2023**

Zhejiang province has emerged as a major education hub and has reached the average level of high-income countries in terms of popularization of education at all levels and types. The expected number of years of education for children has reached 14.4 years, and the basic education informatization index has ranked first in the country for three consecutive years.

At present, Zhejiang has become one of the fastest-growing and most dynamic provinces in the country's international education service trade. Moreover, Japan and South Korea are members of the RCEP agreement.

Under the adverse situations of the epidemic and anti-globalization, RCEP can promote the realization of a high level of trade liberalization in the region. In order to deeply promote the brand of "Zhejiang serves the world", such positive branding also guides service trade enterprises in Zhejiang province to carry out digital marketing, and helps service trade enterprises in Zhejiang's education industry to stabilize customers and expand markets at the same time.
