

Barry L. Jacobson, DMD, FAAPD, a Pediatric Dentist with Pediatric Dentistry on Park

Get to know Pediatric Dentist Dr. Barry L. Jacobson, who serves patients in New York, New York.

New York City, New York Jun 19, 2023 ([Issuewire.com](https://www.issuewire.com)) - A dedicated pediatric dentist, Dr. Jacobson is the Owner & Operator of Pediatric Dentistry on Park, a New York-based pediatric dental practice.

Committed to providing quality health care to children located in the New York area, he and his staff treat pediatric patients of all ages (0-21) years old. They provide comprehensive solutions for patients' oral health needs, including services like checkups, teeth cleaning, crowns, veneers, and more. They also perform emergency dentist services that include bonding, root canals, crowns, and bridges.

"By treating and educating patients, our team helps patients to stay healthy in between visits. Our staff understands the importance of listening to patients, helping them to feel comfortable and relaxed. This personal approach is evident in everything we do. From making an appointment, filling out paperwork, conducting an examination, and providing dental treatments, the staff at Pediatric Dentistry On Park take the time to connect with patients and give them the thoughtful attention they deserve" as stated on the dental practice's website.

Transforming smiles into something bright and beautiful, Dr. Jacobson believes in the importance of listening to his patients and taking the time to truly understand each person's needs, goals, and lifestyle. He strives to create lifelong relationships with patients and their children and works to ensure that they receive treatments in a comfortable and relaxed environment.

Upon completing his Doctor of Medicine in Dentistry degree, Dr. Jacobson went on to perform his residency in pediatric dentistry at Maimonides Medical Center.

Trained on advanced dental procedures and techniques so that patients can benefit from the latest in dental care, he is a Fellow of the American Academy of Pediatric Dentistry (FAAPD). The mission of the AAPD is to advance optimal oral health for all children by delivering outstanding service that meets and exceeds the needs and expectations of members, partners, and stakeholders.

Teaching students, Dr. Jacobson serves as an Assistant Clinical Professor of Dentistry at the Icahn School of Medicine at Mount Sinai. He is also affiliated with The Mount Sinai Hospital.

Pediatric dentistry is the branch of dentistry dealing with children from birth through adolescence. A pediatric dentist specializes in the diagnosis and treatment of the dental problems of children from infancy to young adulthood. They usually care for special needs patients as well.
