

Bradly A. Green, DDS, a Dentist with Potomac Woods Family Dental Care

Get to know Dentist Dr. Bradly A. Green, who serves patients in Rockville, Maryland.

New York City, New York Jun 21, 2023 ([Issuewire.com](https://www.issuewire.com)) - Dr. Green is excited about fostering lifelong relationships at his practice, Potomac Woods Family Dental Care, in Rockville, Maryland. One of the reasons he chose the Rockville/Park Potomac area as the backdrop to his own practice is that he enjoys treating patients of all ages and backgrounds.

Potomac Woods Family Dental Care is committed to delivering the highest quality dental care and does so using advanced dental equipment. The general and cosmetic dental office offers services like checkups, teeth cleaning, veneers, and more. It also performs emergency dentist services that include bonding, root canals, crowns, and bridges.

A native New Yorker, Dr. Green was born and raised in Queens. He received his undergraduate and Doctor of Dental Surgery degrees at the University of Maryland, Baltimore, and was formerly Managing Clinical Director at a busy practice in the DC metropolitan area.

Continuing to learn and better himself every chance he gets, Dr. Green is an active member of the American Academy of Cosmetic Dentistry.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries, create beautiful smiles, and perform other duties to ensure that the teeth and mouth are healthy.

Focusing on a comprehensive approach to oral health, Dr. Green has provided pro bono dental services for Mission of Mercy, a not-for-profit organization that provides dental treatment to the underserved. He has also participated in Moveable Feast, a non-profit that aims to improve the health of Marylanders experiencing food insecurity and chronic illness.

Outside of practicing dentistry, his interests include spending time with his family, traveling, reading, and staying up-to-date with the most recent dental treatments available.
