stylish and high-end look for your stickers and labels. They even deliver an eye-catching 3D effect to your stickers.

Domed stickers provide a stylish and high-end look for your stickers and labels. Its features comprise quality white vinyl, many years of durability, coated with thick polyurethane dome, waterproof, outdoor and indoor applications, one to full-color print, digitally printed with UV-rated inks, cut to any size and shape, supplied individually or sheeted, any quantity and delivery in 4-5 day around time.

At Melbourne, Stickers make use of the latest technology in digital printing for high-resolution brilliant colours. Our printing process enables the use of one colour print to an unlimited colour CMYK choice. This means that we can reproduce your image down to every design detail. This type of sticker is printed with UV-rated Eco-Solvent inks that provide mesmerizing images and alluring colours for short to long-term indoor and outdoor applications.

As far as its cutting is concerned, we can print any colours that are in your design and also we can cut your stickers to almost any custom shape and size. Give us an opportunity to take your logo and print it in a decal or create any custom die-cut vinyl graphic for you. We ensure you to give domed vinyl stickers get printed on 80 to 100 micron UV resistant white polymeric calendered sticker vinyl. Polymeric vinyl film usually has a bond life of between 3-5 years and it's the most expensive vinyl. Because of its high-quality duration, these films are suitable for demanding exterior applications.

We at <https://www.melbournestickers.com.au/> also provide custom **dome stickers** service. As we know that dome stickers or 3D stickers hold a dynamic three-dimensional or bubble-like appearance that is sure to make a style statement. Being popular on machinery, car windows, or special products, they have a wonderful tactile quality that sets them apart from other products. It can be used both indoors and out. We even provide small quantity printing for dome sticker printing.

So, if you have been looking for a product for outdoor use, Melbourne Stickers can truly create dome stickers with a stronger adhesive, UV resistance, and waterproofing.
