

From Bullying to Brilliance: World Juggling Day Celebrates the Triumph of James Bustar and Jugglers Worldwide

Sydney, New South Wales Jun 15, 2023 ([Issuewire.com](https://www.issuewire.com)) - The International Jugglers' Association (IJA) is thrilled to announce the celebration of the 26th annual World Juggling Day on 17th June 2023. This global event brings together juggling enthusiasts from all corners of the world to honor the art and skill of juggling. Established by the IJA in 1995, World Juggling Day has grown into an international phenomenon, uniting jugglers of all ages and abilities in a vibrant celebration of talent, creativity, and camaraderie.

The IJA, founded on June 17, 1947, has been the driving force behind World Juggling Day. With its commitment to promoting juggling as a performing art and recreational activity, the IJA has worked tirelessly to foster a sense of community among jugglers worldwide. World Juggling Day, held annually on Saturday closest to June 17, stands as a testament to the IJA's dedication and passion for juggling on a global scale.

One individual who embodies the spirit and artistry of juggling is James Bustar, a world-renowned comedy juggler. Having dedicated over two decades to perfecting his craft, Bustar has become a leading figure in the juggling community. Beyond his impressive juggling skills, Bustar has an inspiring personal story. As a bullied teenager, juggling became his sanctuary, providing solace and empowerment. Since then, he has embraced juggling as a way of life and has carved out an extraordinary career.

To commemorate this remarkable milestone, James Bustar, in collaboration with jugglers from around the world, has created a special video celebrating the essence of World Juggling Day. This vibrant showcase captures the unity and talent that define the global juggling community. The video, [which can be viewed here](#), embodies the spirit of World Juggling Day and highlights the immense creativity and diversity within the juggling community.

In addition to his juggling prowess, Bustar is also recognized for his advocacy for the arts. Amidst the challenging times brought on by the COVID-19 pandemic, he played a crucial role in supporting entertainers in the cruise industry and in Australia. His efforts have highlighted the importance of the performing arts and the resilience of entertainers in the face of adversity.

The IJA invites everyone, regardless of skill level, to participate in World Juggling Day celebrations. Whether juggling solo in your backyard, organizing a juggling meet-up with friends, or attending a juggling festival, this day is an opportunity to connect with fellow jugglers, share techniques, and revel in the joy of juggling.

As World Juggling Day continues to grow each year, the IJA remains committed to promoting the art of juggling and fostering a sense of community among its practitioners. Join us on 17th June as we celebrate this extraordinary day dedicated to the awe-inspiring art of juggling.
