

Fun-Filled Virtual Community Event Focused on People Living with Parkinson's

Join us for a month of community, activity, and helping people within the Parkinson community live well today.

Louisville, Colorado Jun 8, 2023 (Issuewire.com) - As an organization dedicated to research, education, and raising funds to support people with Parkinson's and their caregivers, the Davis Phinney Foundation is delighted to bring our supporters a virtual event for all abilities.

Run, ride, practice yoga, swim, you name it. We are excited to get moving and be impactful with you. Miles or minutes: You set your own goals and we will be there cheering you every step of the way. Prizes, bibs, a virtual Official Race Village, limited edition socks, and more will be part of this all-welcoming virtual event.

We also know how giving and charitable our amazing community is: We're seeking togetherness and ways to give back. That's why the Davis Phinney Foundation, based in Louisville, Colo., has created a way for everyone to get moving, give back, and support people with Parkinson's so they can live their best lives today.

Climb a mountain, walk every day, conquer your own marathon, swim 10 laps a day, practice yoga, and paint: the challenge is up to you. Every Victory Count is our mantra, our purpose, and our way of joining you on your journey. Let's get there together and make every victory count!

We can't wait to participate alongside you and your friends and family members. Anyone can join the challenge. Ability levels will not limit anyone from participating.

Wendy Ericson, a past participant of the Every Victory Counts Challenge says: *"This was a new experience for me, and it turned out to be a great blessing and life direction changer. Participating gave me new confidence and strength that was greatly needed. Thank you for your support for the PD community and for helping me realize that I can still live well and be active and strong and do hard*

things!”

Registration is now open and the challenge begins July 1 and lasts all month. Can't make it the whole month? You can join us for a week or even a day! The cost to join is \$25 and we'll mail you an event packet including a pair of socks. We make virtual feel in person with an engaging community that will encourage you along the way. Anyone can register at dpf.org/victory.

Can't participate? You can support the cause with a donation to help people with Parkinson's live well here.

Let's help everyone live well TODAY.

[About The Davis Phinney Foundation](#)

The Davis Phinney Foundation was founded by Olympic cyclist Davis Phinney in 2004 to help people with Parkinson's live well today. The Foundation's focus is to provide programs, early-stage research, and resources to help people living with Parkinson's improve their quality of life. Parkinson's is the number two neurodegenerative disease – second to Alzheimer's – and affects more than one million people in the United States. The Foundation's work impacts hundreds of thousands of individuals and families annually.

About Team DPF

Team DPF is the grassroots fundraising community of the Davis Phinney Foundation. With a focus on fun, personal empowerment, and fundraising for Parkinson's, Team DPF welcomes all ages and abilities. While its roots are in cycling, Team DPF hosts events that welcome runners, climbers, swimmers, hikers, community activists, and more. Team DPF is sponsored by Primal, SUR PhytoPerformance, Skratch Labs, Wahoo Fitness, BOCO Gear, Rick Baker Insurance, Wild Bill's Warriors, and Catrike.
