

GemHUB, the Web3 Game Platform Lists on Global Exchange MEXC

Seoul, South Korea Jun 18, 2023 ([Issuewire.com](https://www.issuewire.com)) - BPMG, a leading blockchain company, is thrilled to announce that its Web3 game platform, GemHUB (GemHUB.io), has successfully listed its token on the global cryptocurrency exchange MEXC.

GemHUB, powered by the Klaytn network and the all-in-one multi-chain wallet K-MINT, provides essential blockchain technology and token ecosystem support for small and independent game developers. With a current lineup of seven games, including popular titles like Sid Eternal, Aqua Pang for Continue, and Zombienoid, GemHUB is also in the process of launching new games such as Jewel Dungeon Adventure, Heroes 9, and Rappelz Universe.

The GemHUB token serves as a crucial link between Web3 games and can be utilized in various in-game transactions. It is now tradable on prominent decentralized exchanges such as KLAYswap, BitMart and LBank, providing users with increased liquidity and flexibility.

MEXC Global, established in 2018 and boasting more than 10 million users across 170 countries, stands as one of the world's top five cryptocurrency exchanges. The exchange's exceptional features, including robust anti-wash trading solutions and state-of-the-art multi-signature security technologies, have contributed to its reputation as a trustworthy trading platform.

"We are excited to announce the listing of GemHUB on MEXC, a significant milestone for our Web3 game platform," stated Ji-hoon Cha, CEO of BPMG. "Our upcoming GemHUB 2.0 release, featuring support for multi-chain solutions like ETH and Polygon, will further enhance the convenience and

accessibility of Web3 game services. We are committed to fostering the gamification of diverse games, generating economic value in the global market, and actively pursuing additional listings on various reputable exchanges."
