HAIR FALL

Due to Hair Dyes
The chemicals in hair coloring can be harsh and harmful to your hair.

Due to Shampoos
Your shampoo and conditioner can also be the culprit of your hair fall.

Due to Water
If you have already burnt your pocket on expensive hair treatments, yet your hair fall is persistent then it could possibly be the water that you use to wash your hair.

SKIN CARE

Skin Pigmentation & White Spots

- Over exposure to the sun
- Heredity • Picking at the skin
- Hormonal Imbalance
- Antibiotics & Steroids
- Hormone treatments
- Inflammation • Skin Injuries
