

ISCPO Announces Citadel Fleet Safety as a Preferred Vendor Partner

Dallas, Texas Jun 27, 2023 ([Issuewire.com](https://www.issuewire.com)) - Today, the International Supply Chain Protection Organization (ISCPO) announced that **Citadel Fleet Safety** has joined as the organization's preferred vendor partner as ISCPO continues to support its members and the supply chain security community. The speed of business has exponentially accelerated the supply chain, and ISCPO members rely on a variety of vendors for innovative tools, technology, and services to help them make their departments and flow of goods run effectively. ISCPO remains dedicated to continuously enhancing its variety of vendor solutions, leveraging emerging technologies, and staying at the forefront of industry best practices. By adding Citadel Fleet Safety as a preferred vendor, our members will have access to innovative, wearable mobile technology that drivers and employees utilize to ensure their personal safety.

About **Citadel Fleet Safety**

Over five years ago we built a new kind of safety firm. Our team realized that too many transportation delivery company drivers were concerned by personal safety challenges on the job. Drivers were equipped with underdeveloped, constrained, outdated personal safety technology. Why did we start Citadel Fleet Safety? Because we want your drivers to have personal safety satisfaction. Citadel Fleet Safety has enjoyed success with transportation companies' drivers activating the Citadel mobile SOS emergency response button in areas of concern. They helped prove that we can help in professional expedited response driver emergencies.
