Graduating with Bachelor's of Science degree in Marketing and Business Management from Menlo College in 2015.

Having discovered his passion for real estate right after graduation, he knew that if there was one thing he wanted to learn for the rest of his life, it was to know his way around buying and selling a promising home.

6 years into property management and many transactional closings later, Marty could not be more content with his career choice. He has worked with many experienced realtors and brokers, doing all sales and leases.

Opening his own real estate practice, Marty Real Estate, Marty began teaching his own brokers and agents on how to negotiate and close, both commercial and residential sales. While his mentors have paved the way, having built his own bullet proof strategy is something that was created over the years with many experienced entrepreneurs.

A firm believer that everyone deserves great service and communication, Marty considers customer service, area knowledge, and extensive marketing to be the key elements for an effective listing.

Walking clients through their transaction to closing, he is a proud member of the Placentia Chamber of Commerce. It is an organization committed to the development and growth of the economic, civic, and industrial success of the community.

Attributing his success to his love of real estate, Marty wakes up and gets to come back to something he really loves every day. He also has connections that mean a lot to him, and writes blogs on his website, www.martyrealestate.com
