

Same Day Maids Cleaning Tips Cleaning Small Areas and Hair

New York City, New York Jun 27, 2023 ([IssueWire.com](http://www.IssueWire.com)) - Here are some cleaning tips from [Same Day Maids](#)

When cleaning every detail counts. To clean small areas like kitchen and bathrooms its best to use your hands and not a broom or mop. Its easier to get all corners and all areas and to see things much better close up.

So squat down and wipe the surfaces of the floor with a wash cloths mostly water with a little soap. After you wash it and it dries, vacuum the door to make sure there are no crumbs left.

Tip by [Same Day Maids](#) on how to remove hair?

Always use something dry like a dry cloth to remove hair, a vacuum can also be used or a sticky rolling stick. Anything even slightly wet will make hair removal time consuming.

How does [Same Day Maids](#) remove hair off small area floors?

Vacuum the floor first, then wipe the floor with a damp cloth, then vacuum again.
