

Transforming Tech Landscape: Computer Resources of America Secures a Coveted Spot on 2023 MSP 501

Computer Resources of America makes a strong statement in the tech world by clinching a high-ranking position on the Channel Futures 2023 MSP 501 list — the definitive global league of managed service providers.

New York City, New York Jun 22, 2023 ([IssueWire.com](https://www.issuewire.com)) - Today marks a significant milestone for [Computer Resources of America \(CRA\)](#), as it secures its position among the world's elite Managed Service Providers (MSPs), earning a well-deserved spot on the renowned 2023 Channel Futures MSP 501 list.

For nearly two decades, MSPs worldwide have vied for recognition on this influential list, a testament to their innovation, resilience, and superior service delivery. The Channel Futures MSP 501 survey rigorously assesses each entrant's performance across diverse metrics including annual sales, recurring revenue, profit margins, revenue mix, growth, innovation, and the robustness of their technology offerings.

Earning a place on the MSP 501 list is no small feat. Each entrant must undergo a stringent evaluation by Channel Futures' skilled research team and editors. The ranking process employs a distinctive methodology that appraises financial performance against criteria such as long-term viability, commitment to recurring revenue, and operational efficiency.

Channel Futures takes great pleasure in announcing [Computer Resources of America](#) as a shining addition to the 2023 MSP 501.

=====

"We are deeply honored to be recognized in the Channel Futures 2023 MSP 501 rankings," said Chico Ramnarayan, CEO of [Computer Resources of America](#). "This accolade is not just a testament to our unwavering commitment to innovation and excellence, but also a tribute to our dedicated team who continually strive to exceed client expectations."

We understand the ever-evolving challenges businesses face in today's digital world, and we are committed to providing robust and innovative solutions that empower our clients' growth and success. Our inclusion in this prestigious list reaffirms our resolve to continue pushing the boundaries of technology and service delivery.

On behalf of the entire CRA team, I extend my heartfelt gratitude to Channel Futures for this distinguished recognition."

This year's MSP 501 list has seen one of the toughest competitions in its history. The winners will be celebrated on the Channel Futures website and recognized during a special ceremony at the Channel Futures Leadership Summit, set to take place from October 30 to November 2 in Miami, Florida.

The MSP 501 has grown from a simple ranking into a dynamic community of pioneers relentlessly pushing boundaries to enhance customer satisfaction across organizations of all sizes in the public and private sectors. These innovators specialize in meeting customer needs in vital areas such as cloud, security, collaboration, and hybrid workforces.

"The 2023 Channel Futures MSP 501 winners have navigated challenging times to establish themselves as industry-leading, innovative IT providers," stated Jeff O'Heir, Channel Futures senior news editor and MSP 501 project manager. "The MSP 501 ranking is not merely a reflection of size and revenue. It's an acknowledgment of the business acumen, best practices, and trusted advice they deliver to customers daily. They have earned this honor."

"We extend our warmest congratulations to the 2023 winners, and our deep gratitude to the thousands of MSPs that have contributed to the continuous growth and success of the managed services sector," expressed Kelly Danziger, general manager of Informa Tech Channels. "These providers are unquestionably driving a new wave of innovation in the industry and are showing unwavering commitment to propelling the MSP and entire channel forward."

The insightful data collected by the annual NextGen 101 and MSP 501 lists power Channel Futures' market intelligence insights, fostering robust data sets and data-based trend reports that underpin our editorial coverage, event programming, community, networking strategies, and educational offerings.

Background

The MSP 501 list is a result of confidential data diligently gathered and scrutinized by the Channel Futures research and editorial teams. The data was collected online from February to May, 2023. The MSP 501 list honors the top managed service providers based on parameters including recurring revenue, profit margin, and other key factors.
