Mumbai, Maharashtra Jun 10, 2023 (Issuewire.com) - We are thrilled and proud to announce that Waanee.ai has been selected for the prestigious [NASSCOM 10,000 Start-ups](#) Virtual Incubation Program at the Mumbai Hub!

Waanee.ai, a leading provider of AI-powered IVR solutions, is thrilled to announce its selection for the

esteemed NASSCOM 10,000 Start-ups Virtual Incubation Program at the Mumbai Hub. This program, initiated by NASSCOM, aims to build a vibrant ecosystem for technology entrepreneurship in India and create the largest platform for connecting with the tech entrepreneurship community.

As part of this exclusive program, waanee.ai is excited and eagerly looking forward to the numerous opportunities it presents. This incubation program will play a pivotal role in positioning us strategically and equipping us with the essential skills, knowledge, and resources required to scale up our flagship product, Waanee.ai, and offer cutting-edge solutions throughout the Indian subcontinent.

The NASSCOM 10,000 Start-ups Virtual Incubation Program is widely recognized as one of the largest virtual incubation initiatives in the country, supporting close to 400 start-ups annually. By providing a conducive environment and comprehensive support, the program empowers start-ups to accelerate their growth and reach new heights of success.

"We are honored to have been selected for the NASSCOM 10,000 Start-ups Virtual Incubation Program," said Abhishek Kumar, Founder, CEO at Waanee.ai. "This opportunity will enable us to tap into a vast network of industry experts, mentors, and investors, allowing us to gain invaluable insights and guidance. We are confident that this program will play a pivotal role in propelling our company towards further expansion and establishing a strong presence in the Indian subcontinent."

Through this program, waanee.ai aims to leverage the collective expertise and resources of the tech entrepreneurship ecosystem, including start-up incubators/accelerators, angel investors, venture capitalists, start-up support groups, mentors, and technology corporations. By participating in the NASSCOM 10,000 Start-ups Virtual Incubation Program, Waanee.ai is poised to strengthen its position in the market and deliver innovative solutions that cater to the evolving needs of businesses across the Indian subcontinent.

About waanee.ai

waanee.ai is a dedicated startup focused on developing an AI aggregator platform for building customer experience utilities.

The patent-pending platform enables seamless transitions between various Generative AI and speech models, empowering contact centers with debt-free solutions. It offers an array of features, including an AI-powered [Interactive Voice Response \(IVR\)](#), [CRM integration](#), and a comprehensive suite of Dialer software.

This cutting-edge solution harnesses the power of artificial intelligence and natural language processing technologies to elevate customer service and automate call interactions. By utilizing Waanee.ai, contact centers can automate tasks such as audits, coaching, and providing assistance to agents. The remarkable virtual agents developed by Waanee.ai possess the ability to engage with customers in a manner akin to humans, effectively understanding emotions and sentiments during conversations.

Implementing Waanee.ai's complete CX suite, which encompasses [Dialer, IVR, and CRM](#) functionalities, enables businesses to optimize their call center operations. This, in turn, leads to improved customer satisfaction and cost reductions associated with manual call handling.
