

A Step to Betterment Catalysts of Change

Breakin Khainz , a pioneering nonprofit organization, is thrilled to unveil a ground-breaking shoe drive fundraiser. Designed to not only raise funds but also redefine the very meaning of giving, this initiative is a lifeline for providing services.

Houston, Texas Jul 3, 2023 ([Issuewire.com](https://www.issuewire.com)) - Breakin Khainz, a pioneering Nonprofit Organization, is excited to announce the launch of a unique shoe drive fundraiser that's set to make a significant difference in the lives of survivors of abuse and trauma, as well as at-risk youths and their families in underserved communities.

In an innovative approach to philanthropy, people are encouraged to donate not just monetary contributions, but their gently worn, used, and new shoes to our office or drop box locations. This initiative isn't just about money – it's about giving shoes a second lease of life and enabling donors to make a tangible difference to learn more about the impact of your contributions visit our website www.breakinkhainz.org.

For every pair of shoes collected our partners, "Funds2Orgs" will issue a check to our organization based on the total weight of all shoes collected – transforming your old footwear into vital funds. But the

journey doesn't stop there. The donated shoes will be redistributed to micro-entrepreneurs in developing nations, empowering them to create, grow, and sustain small businesses through "Funds2Orgs" extensive network.

the proceeds from selling your donated shoes will help these entrepreneurs feed, clothe, and house their families, effectively turning your shoe donations into a catalyst for economic growth and poverty reduction.

By donating to the Breakin Khainz shoe drive, you're not just clearing out your closet – you're building better futures for individuals in underserved

communities by providing personal growth, professional development, financial literacy and support programs as well as helping families in need on a global scale.

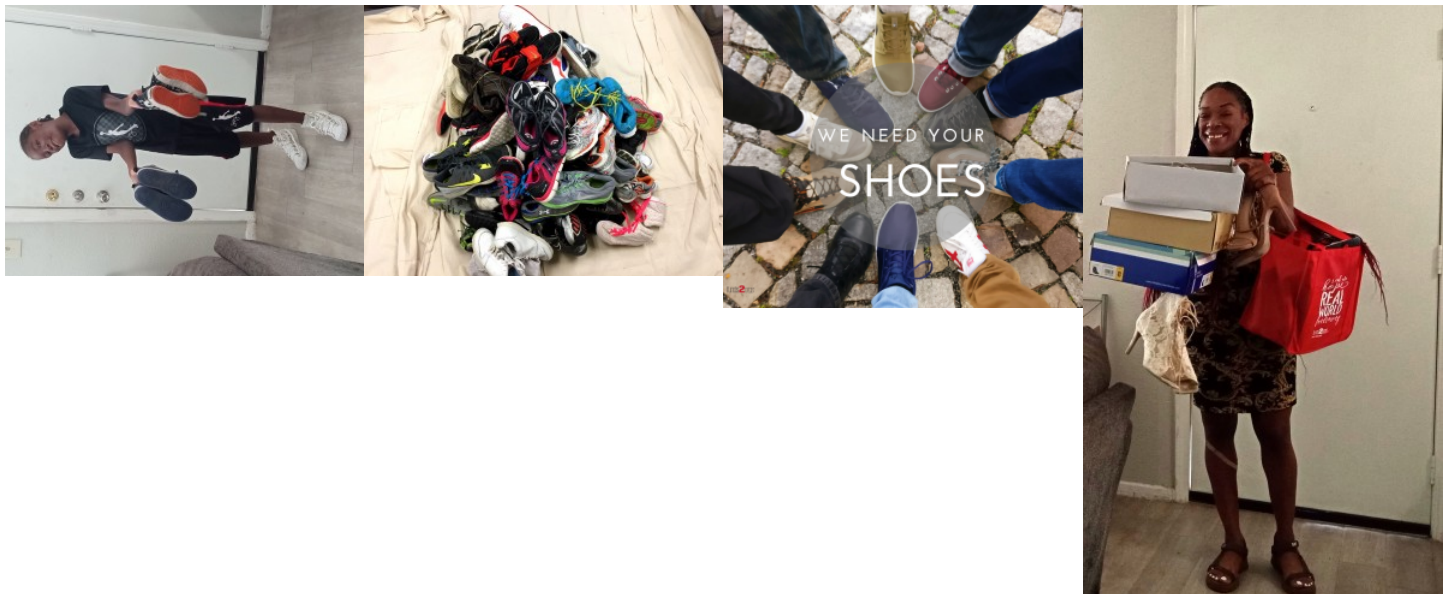

This shoe drive is about so much more than fundraising; it's about forging a path to a better tomorrow, one shoe at a time.

We invite you to join us on this journey of transformation and hope. Your old shoes could be the key to unlocking someone else's brighter future

Get involved in being a pioneer of change. Connect on Social media to stay updated on events via "BreakinKhainz" all social platforms and our website link below.
