

ABA Technologies organised Dental Implant Course in Jaipur

2nd Extensive Implantology Workshop

Gurgaon, Haryana Jul 31, 2023 ([Issuewire.com](https://www.issuewire.com)) - ABA Technologies, a premium dental product supplier in association with Indian Dental Association, Greater Jaipur organized a Dental Implant Extensive Course in the city. ABA Technologies is the authorized partner of AB-Dental Implants, Israel in India. Both companies have been working together in the country to support the dental industry.

The course was scheduled for 30th July 2023 at Hotel Vesta International. The course was delivered by Dr. Sanjay Chauhan – an Oral & Maxillofacial Surgeon. Dr. Sanjay Chauhan is a Senior Oral & Maxillofacial Surgeon with clinical experience spanning more than 2 decades. He started his dentistry journey way back in 2000 after he graduated from Goa Dental College & Hospital. He has been a University Topper - Rajasthan University of Health Sciences – Jaipur while pursuing his MDS in Oral & Maxillofacial Surgery.

Mr. Rajnish Bhatia, Promoter – ABA Technologies mentioned that “To launch our self in the private market in Jaipur and other parts of Rajasthan, we came up with this extensive course on Implantology with one of the very renowned doctors of the region. With this course, we plan to introduce AB-Dent

Implants in the region with the expertise of Dr. Sanjay Chauhan.”

Mr. Bhatia further added, “This course was being done in support of AB-Dent, Israel. AB-Dent is an international manufacturer and marketer of Dental Implants from Israel with a presence across 60 countries. We have been working with them for over a decade now and have supplied Indian Government with AB-Dent Implants.
