

Brisk Health Launches Pulse Rescue: A Breakthrough Mobile App Revolutionizing Code Blue Response

Denver, Colorado Jul 12, 2023 ([Issuewire.com](https://www.issuewire.com)) - Brisk Health, a leading healthcare technology company based in Denver, Colorado, proudly announces the launch of [Pulse Rescue](#), a groundbreaking mobile app designed to transform emergency response in healthcare settings. Led by visionary founder and CEO, Jesse Clark, Brisk Health has created Pulse Rescue to empower healthcare professionals and enhance critical code blue interventions.

Code blue situations demand immediate and coordinated actions, and Pulse Rescue is the result of tireless efforts by the dedicated team at Brisk Health. This innovative app provides step-by-step algorithms and real-time guidance, equipping healthcare heroes with the tools they need to respond swiftly and effectively. Whether caring for adult, pediatric, or neonatal patients, Pulse Rescue offers tailored algorithms to address the unique needs of each age group.

Jesse Clark, the visionary behind Pulse Rescue, brings a wealth of expertise and passion to the development of healthcare apps. With a deep understanding of the challenges faced by healthcare professionals in critical situations, Clark has spearheaded the creation of a user-friendly interface that

seamlessly integrates with iPads, ensuring ease of use and accessibility during high-pressure scenarios.

"Pulse Rescue is a game-changer in emergency response," said Jesse Clark, CEO of Brisk Health. "Our mission at Brisk Health has always been to leverage technology to improve patient outcomes and empower healthcare professionals. With Pulse Rescue, we are revolutionizing code blue interventions, equipping healthcare teams with the guidance and support they need to save lives."

Pulse Rescue's features go beyond real-time guidance. The app's integration with Electronic Medical Records (EMR) systems enables seamless documentation of code blue events, providing accurate and comprehensive records that can be accessed, printed, or sent directly to the hospital's EMR. This documentation ensures transparency, aids in analysis, and facilitates effective communication among the healthcare team.

Brisk Health's Pulse Rescue represents a significant advancement in emergency response technology, and the company continues to innovate in the healthcare technology space. Under Clark's leadership, Brisk Health remains dedicated to improving patient outcomes and revolutionizing healthcare through cutting-edge apps and solutions.

About Brisk Health:

Brisk Health is a leading healthcare technology company focused on reshaping the way patients access and receive medical care. Through its innovative mobile application, Brisk Health empowers patients to request care seamlessly and receive personalized treatment through mobile visits or in-person clinic appointments. With a mission to transform healthcare through technology, Brisk Health is committed to delivering exceptional care experiences and improving health outcomes for patients across the nation.
